Aloysius C. AGU(MNSE)

NETWORK ADMINISTRATION AND TRAINING MANAGER

With over a decade hands-on experience on Information Technology services, **Aloysius** is saddled with the responsibility of coordinating ICT services and operational processes including network liaison. He has worked in public sector as Special Assistant on Information & Communication Technology to the Commissioner for Local Government and Chieftaincy Affairs. During this period, he was in charge of the synchronisation of internet connectivity between the various local government council headquarters and the office of the Commissioner for ease of information management. In the private sector, **Aloysius** was in charge of training and network administration with the clients of the company he worked with. This responsibility provided the opportunity for him to discover the challenges most people encounter daily concerning access to internet and effective usability of computer applications. Aloysius is a member of Nigerian Society of Engineers as well as registered with the Council for the Regulation of Engineering in Nigeria COREN.
